

Youth Ministry (Junior High and High School)

Blessed Trinity Parish is committed to meeting the needs of youth and assisting them in developing their Catholic identity. In order to provide for ongoing faith formation of young people, we provide a comprehensive vision of ministry. Quite simply, ministry of youth is how the parish community serves young people and their families and equips them to live as Catholic Christians in today's society.

Our program is diverse in content and format in order to meet a variety of schedules and interests; yet, it is experiential and formative.
